

Aviation Specialists Group

The Guide covers over 70 jetliners including regional jets manufactured by Airbus, Boeing, Bombardier, BAE, Embraer, Fairchild-Dornier, Fokker and McDonnell Douglas and for each includes such information as:

- ▶ Current Market and Base Values
- ▶ Future values
- ▶ Manufacturer's list price for current production models
- ▶ Operating lease rental rates
- ▶ Fleet size, delivery schedules and order positions
- ▶ Number of operators and geographic distribution
- ▶ Types and numbers of engines in service
- ▶ Payload/range and fleet size/operator base charts

Over a hundred companies already use **The Guide** including banks, investors, financial and operating lessors, manufacturers, airlines, arrangers, government agencies, trading companies and remarketers. They continue to comment on its well-researched, realistic values, exceptionally user-friendly format, useful aircraft specifications/demographics data and color charts. **The Guide** is published semiannually and is priced at \$1,895 per year (plus S&H* of \$60 for domestic subscriptions and \$90 for international) in traditional book form or on CD-ROM in Adobe .pdf format. A subscription to the book *and* CD-ROM is priced at \$2,395 (plus S&H*). If you wish to subscribe, simply fill out the bottom of this page and email, fax or mail it back to us.
